# Craft Templates for Little Learners

## About:

When presented with an outline to work with, little learners often leave loads of white space or spend hours filling every little part. Art Templates for Little Learners, takes away the added stress and mess this can bring! These templates are designed with small circles to show students where to place the chosen art medium while working on fine motor skills and hand eye co-ordination.

## Printing Suggestions:

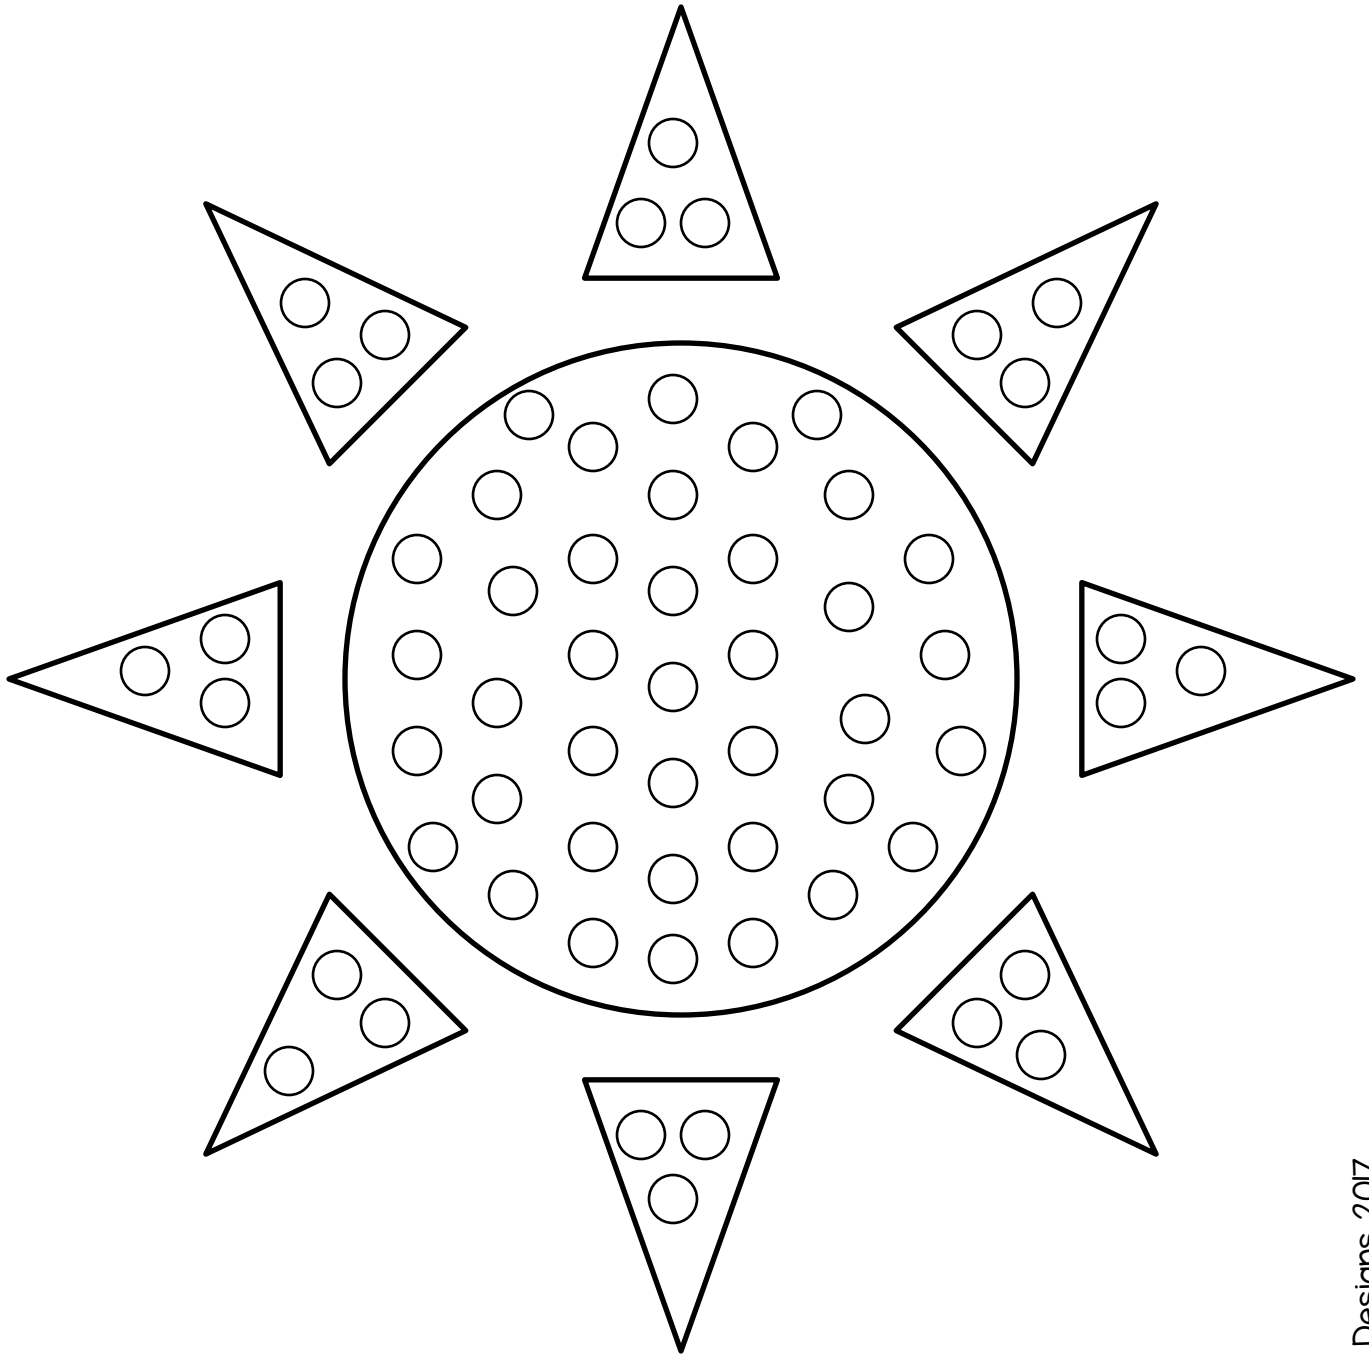

- \*print 2 to a page to save space if gluing into workbooks
- \*print to size to display
- \*print poster size to complete in small groups or as whole class project.

## Suggested materials:

Dabber, Pom-Poms, Q-Tips, Scrunched Crepe Paper, Finger Prints, Paint, Sequins, Paper Squares... the possibilities are endless!
