INTERACTIVE ALPHABET NOTEBOOK

ACTIVITIES + PRINTABLES FOR LETTERS A -Z!

BY PRINCE PADANIA

CONTENTS

Introduction.....3

Set-up & Teaching Tips.....4-11

Notebook Covers (Color + B&W).....12-23

* In this packet, there are six pages of printables for each letter of the alphabet.

Aa activities.....24-29

Bb activities.....30-35

Cc activities.....36-41

Dd activities.....42-47

Ee activities.....48-53

Ff activities.....54-59

Gg activities.....60-65

Hh activities.....66-71

Ii activities.....72-77

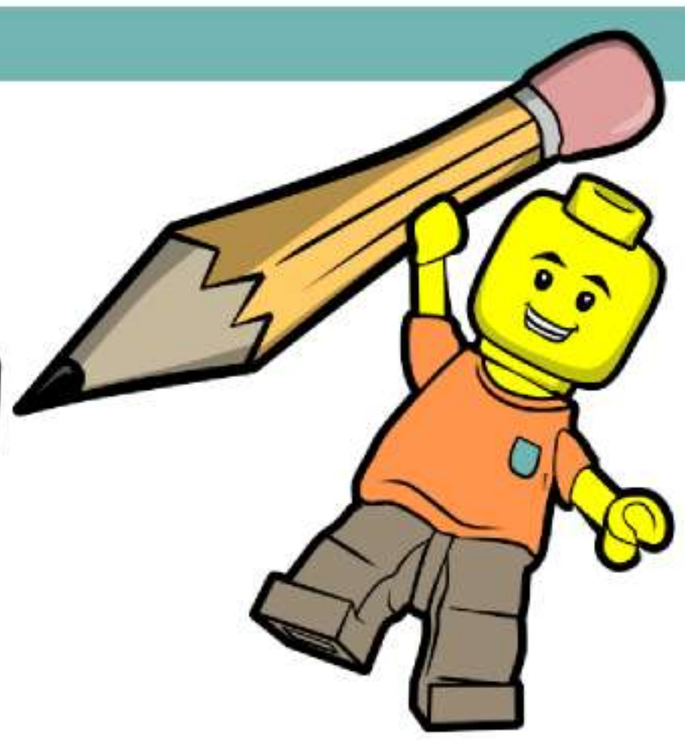
Jj activities.....78-83

Kk activities.....84-89

Ll activities.....90-95

"Word Pocket" Blank Card Templates.....96-99

INTRO

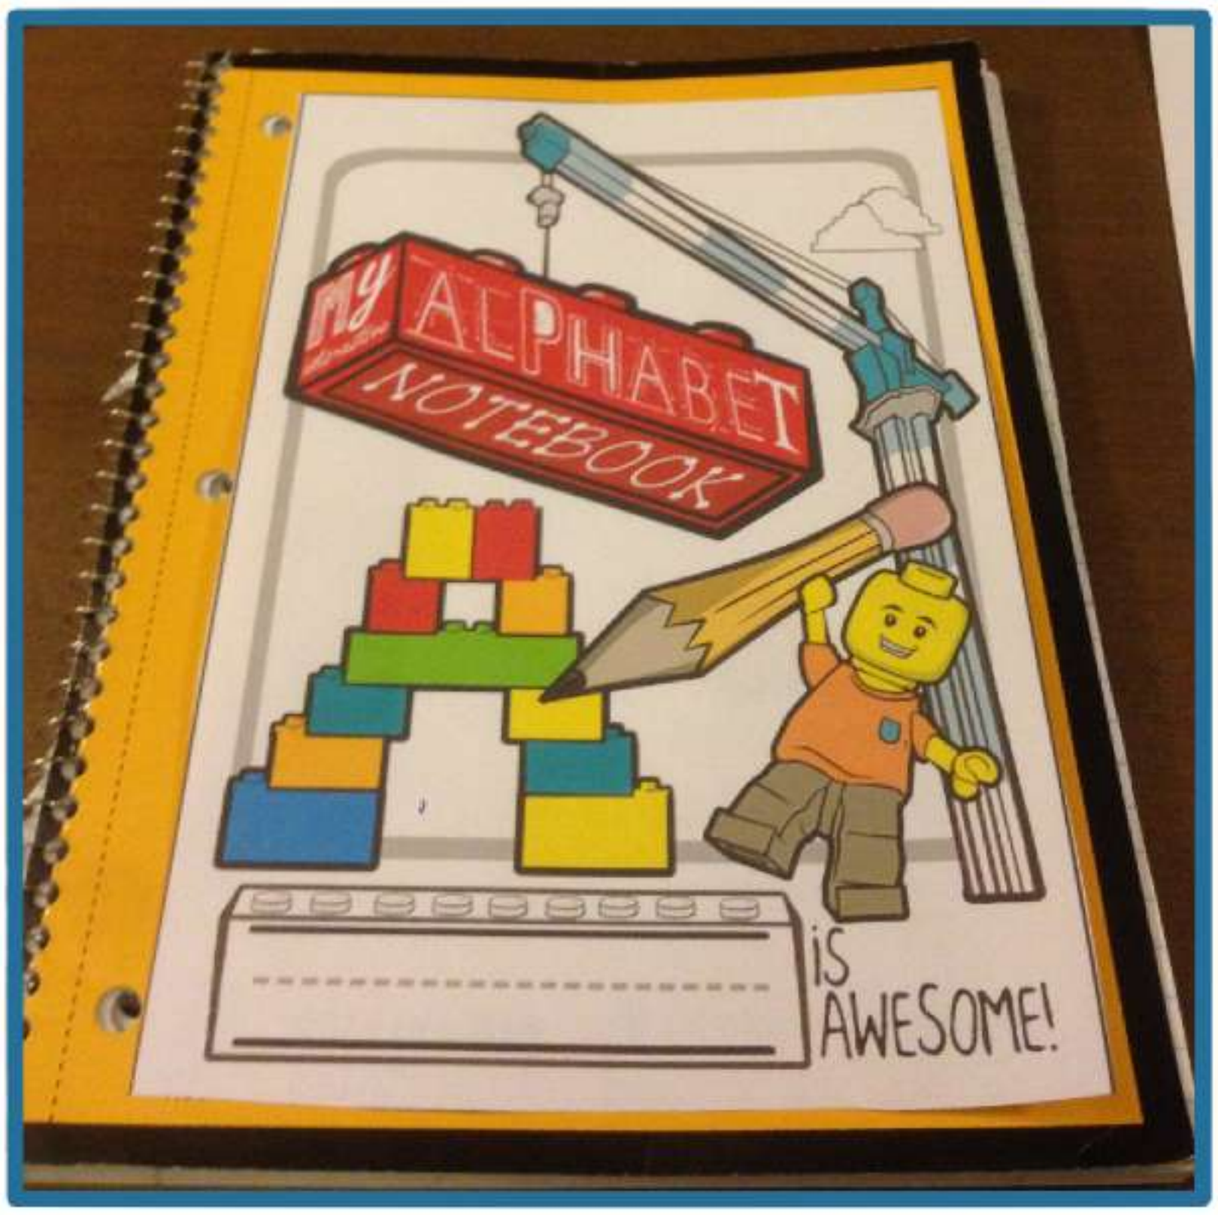


MY favorite feature of notebooks like this one is how easily adaptable they are to MY students' needs. The scope and variety of activities make differentiation much easier. Students with a more advanced understanding of letters can spend most of their time focusing on sounds, while those with emerging alphabet skills can engage more with letter identification and letter writing.

AS SUCH, these notebook activities can be done in small groups or whole-class. Students can work on all activities or just some of them.

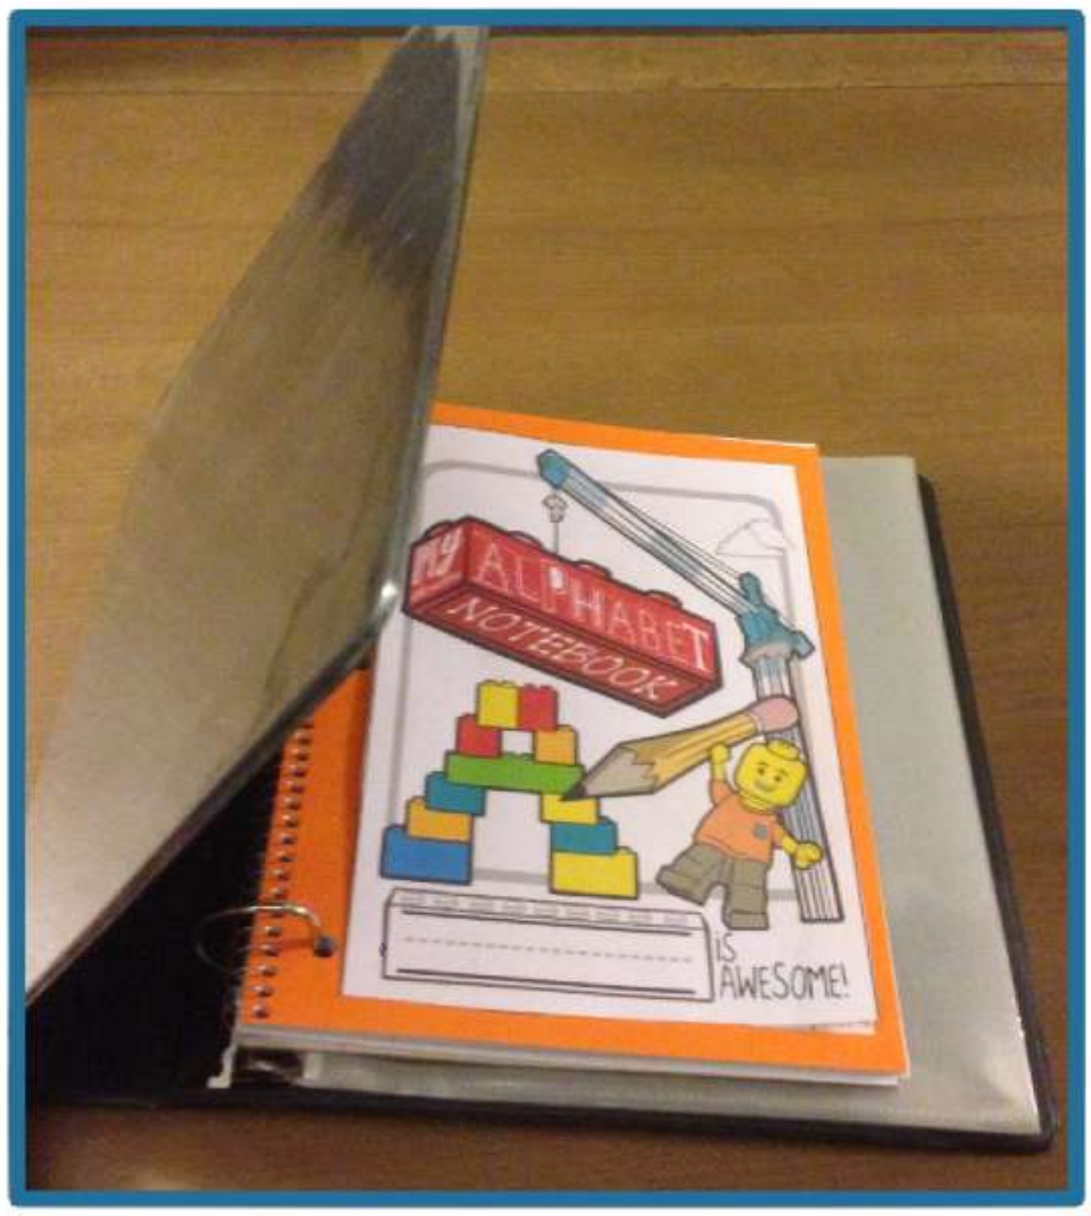
This packet includes six pages of printables for each letter of the alphabet. Each letter's activities could be spread out over a few days to provide for continual reinforcement. Or pick & choose from the set of printables depending on each of your students' goals.

SET-UP



All activities + printables will fit into a spiral-bound notebook like this.

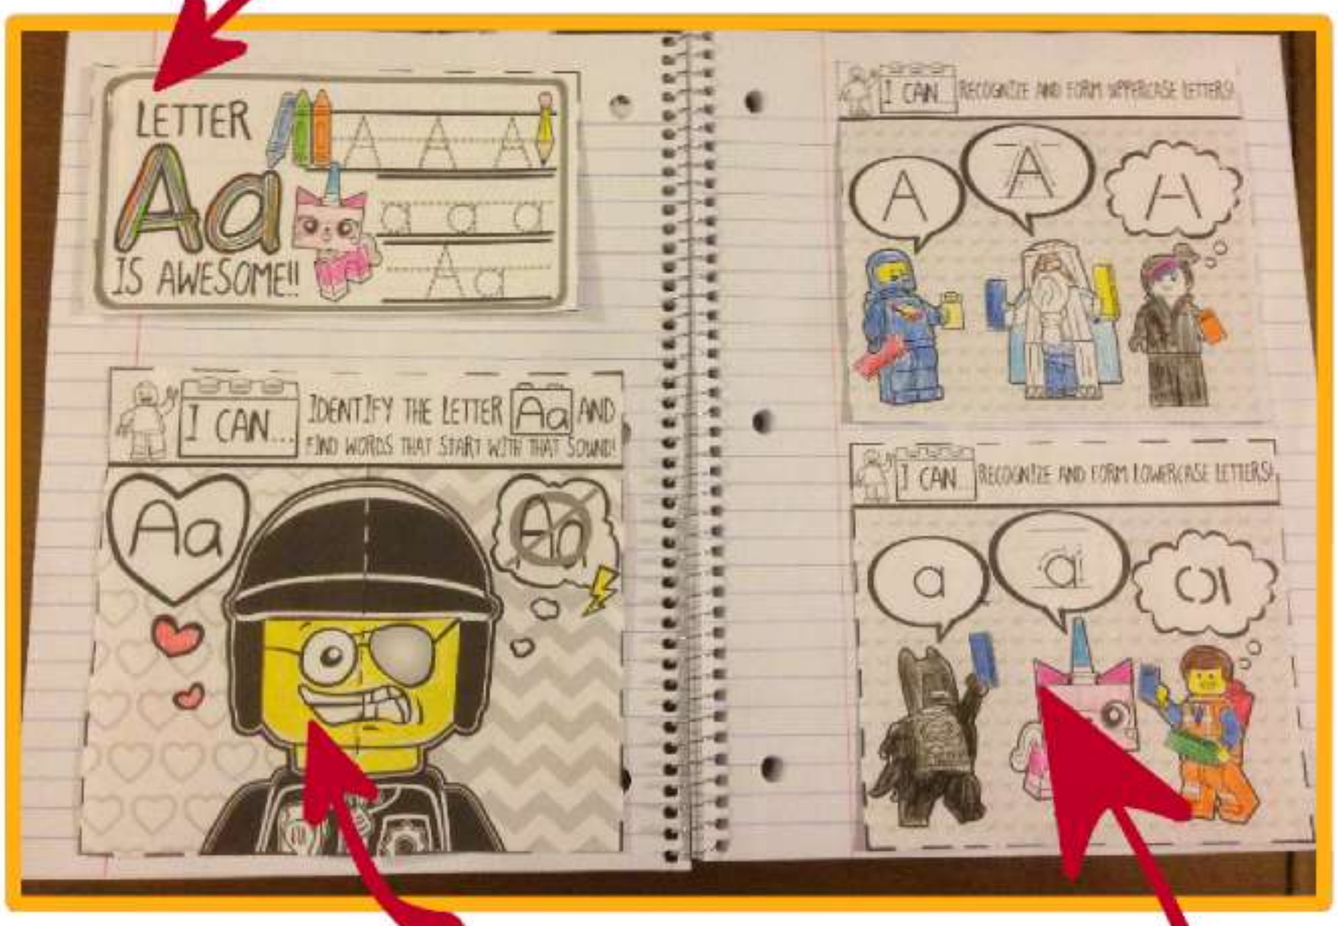
All printables will also fit without covering up the 3 punched holes, so notebooks can be stored in a binder with other Journals or student work.



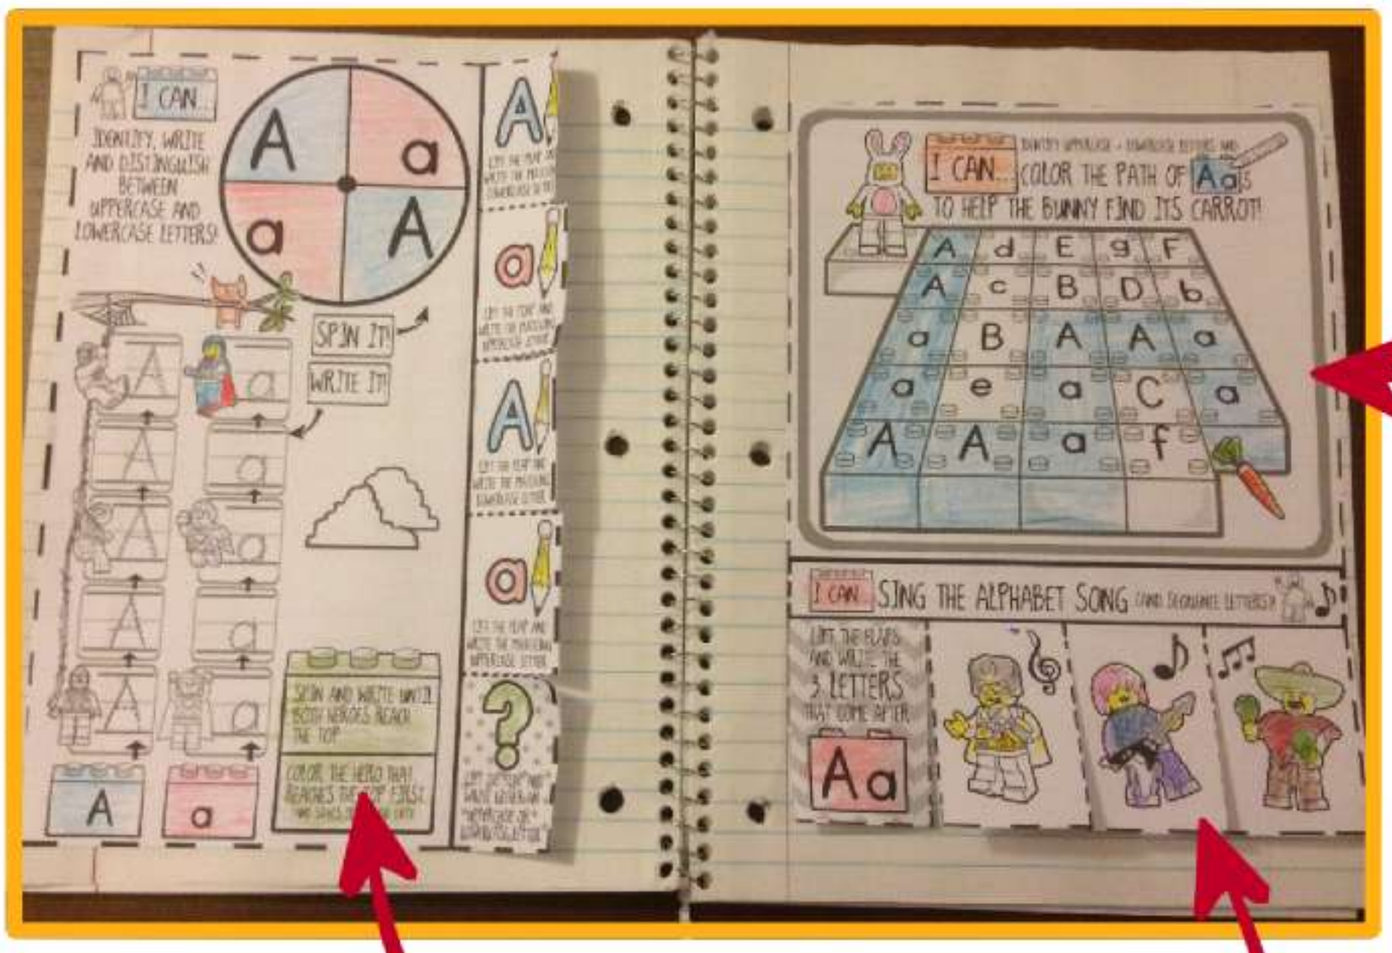
SET-UP

Here are the different letter activities and the basic set-up of the notebook pages.

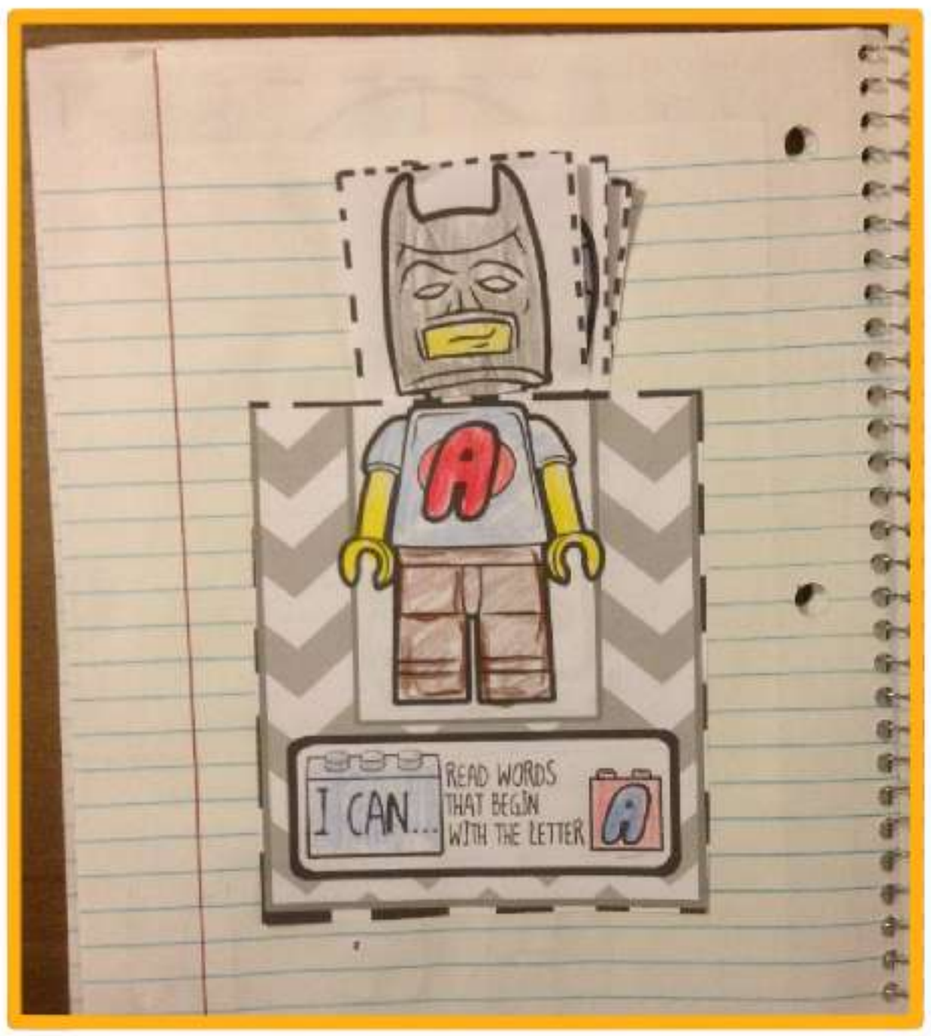
- LETTER WRITING



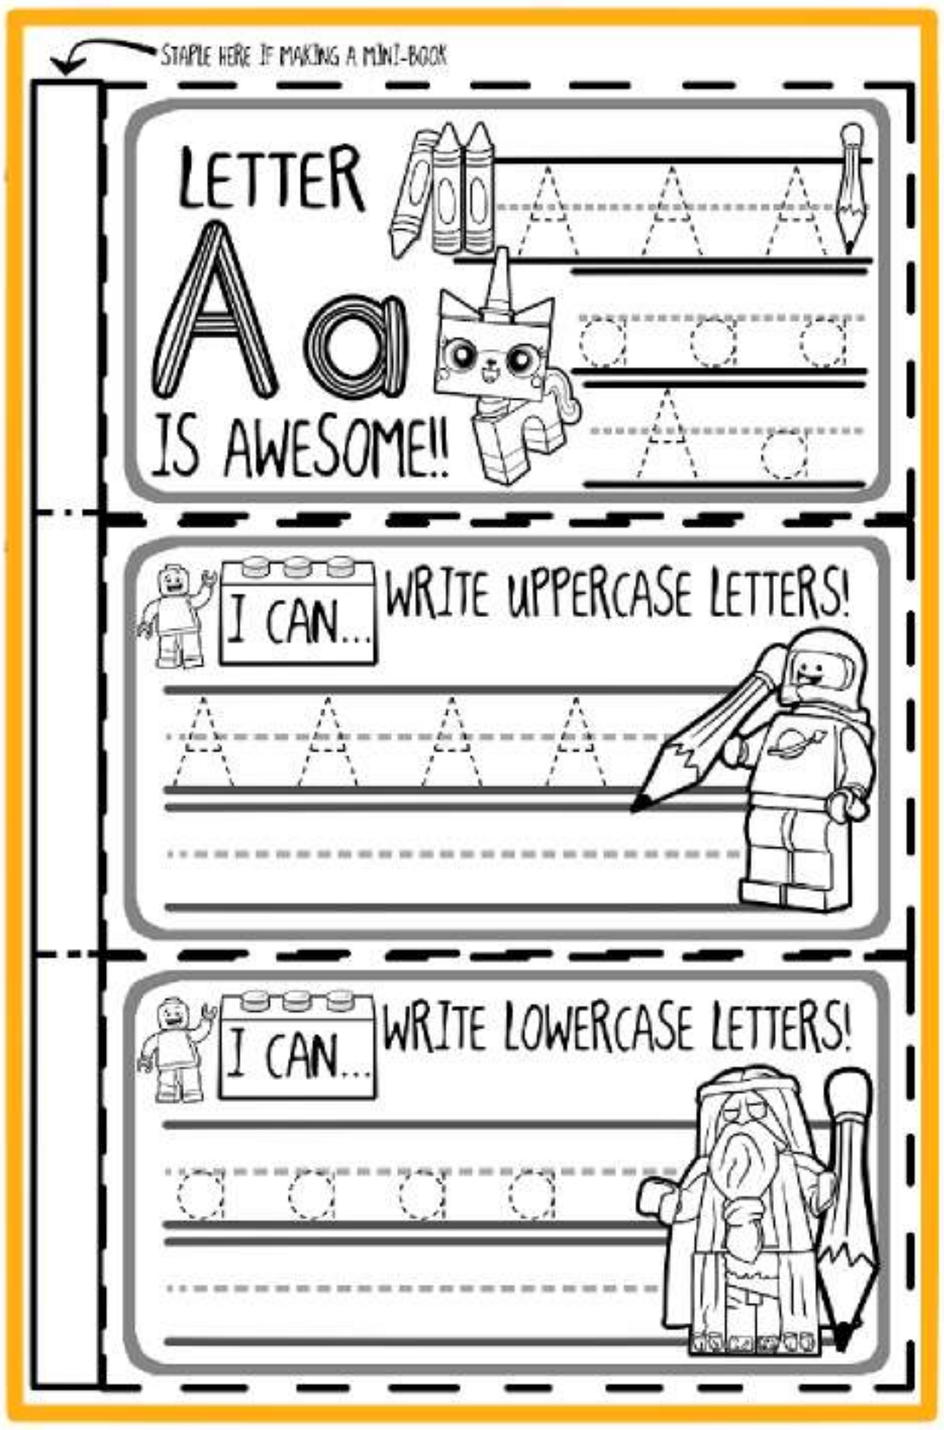
- LETTER/SOUND SORT
- UPPERCASE + LOWERCASE LETTER FORMATION PUZZLE



- LETTER ID MAZE
- UPPERCASE + LOWERCASE SPIN & WRITE
- LETTER SEQUENCING
- WRITING/READING WORDS THAT BEGIN WITH THE TARGET LETTER



SET-UP: LETTER WRITING

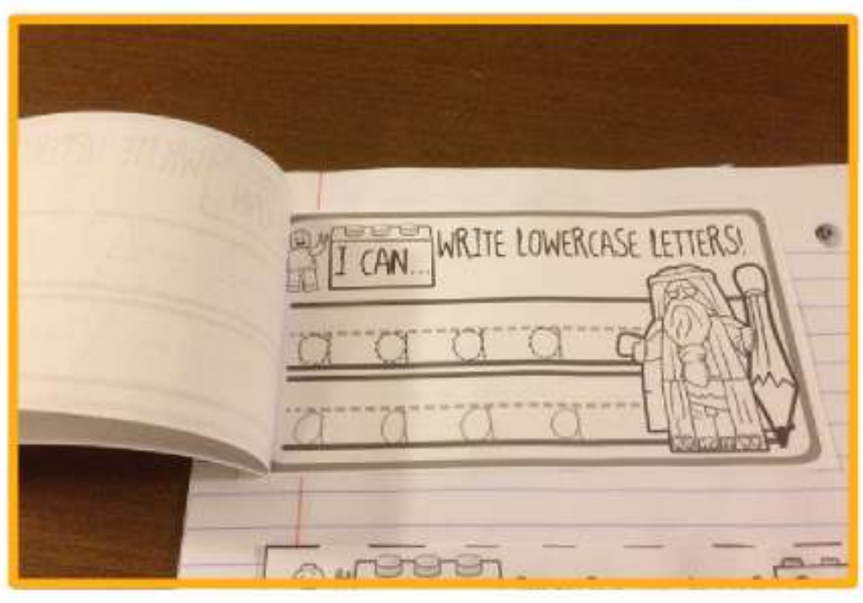


This is a quick & easy activity for reinforcing proper penmanship & letter formation.

use 3 crayons to rainbow write the large uppercase & lowercase letters on the cover page.

Our rainbow-loving friend, "uni-Kitty!"

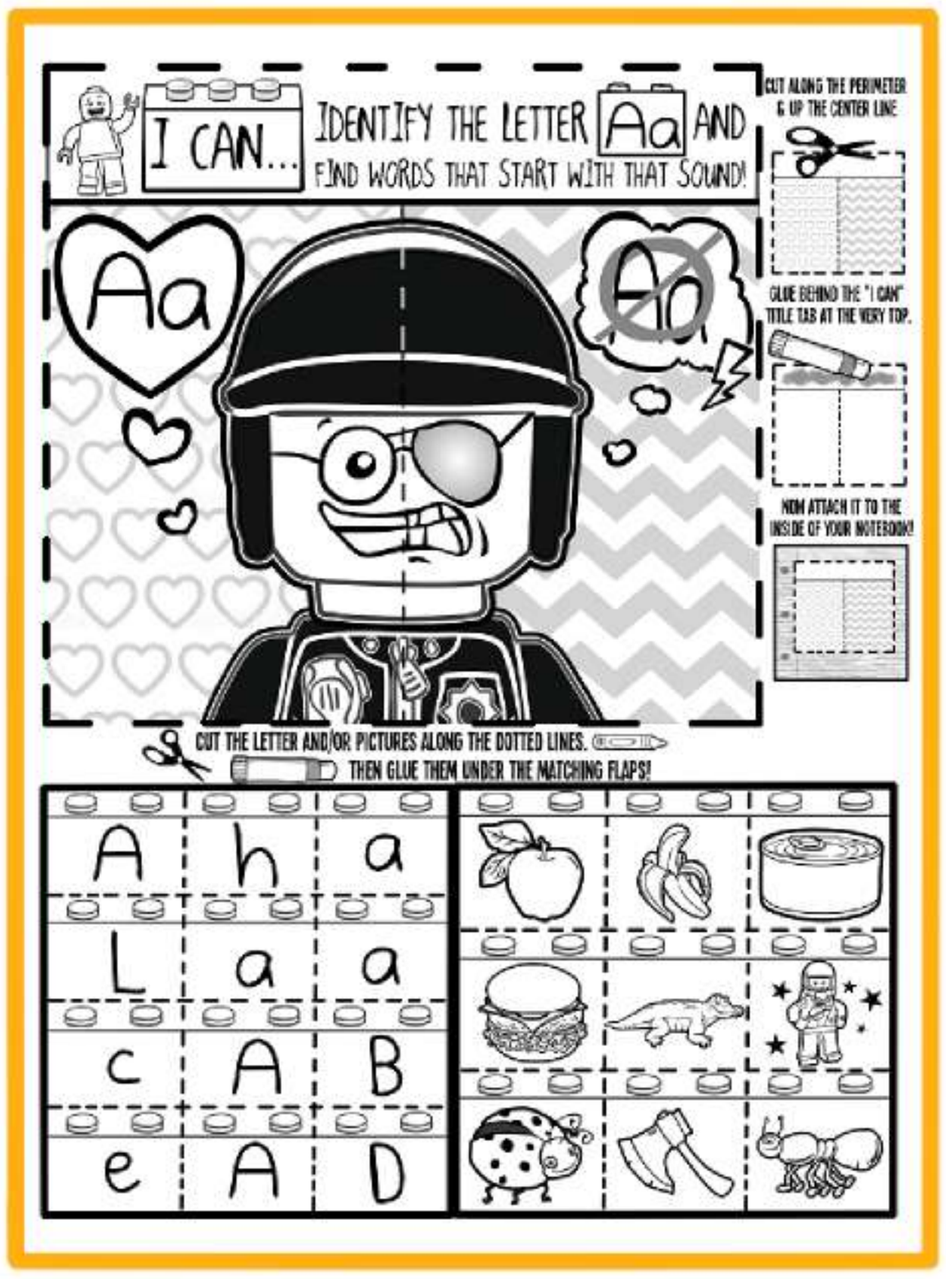
After completing the writing, this printable can be cut up into 3 sections. They can be glued as individual pages into your notebook. Or, staple them together as a mini letter booklet & then glue this into the notebook.



SET-UP: LETTER / SOUND SORT

This is a great activity for identifying the target letter & distinguishing that letter sound from other sounds.

LOOK! It's our very-confused friend, Good COP-Bad COP!



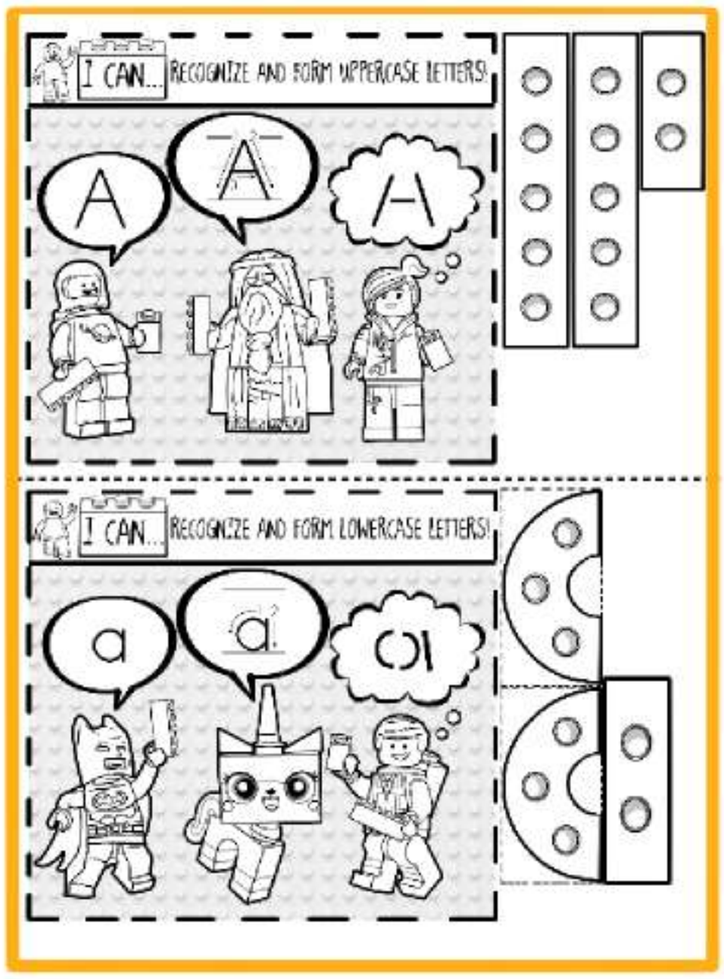
There are 3 ways of completing this.

Cut out the "Letter Bricks" and Sort them into Target Letter / Non-Target letter groups.

Or Cut out the picture cards & Sort them into Target Sound / Non-Target Sound groups.

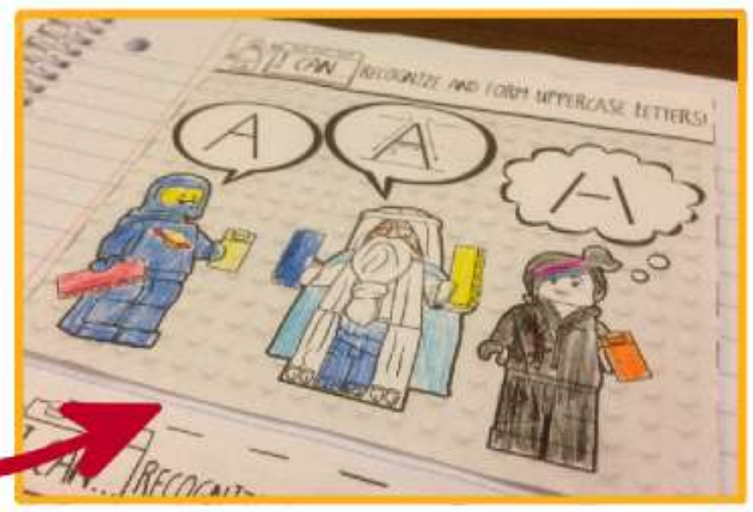
Or Sort BOTH letters & Sounds!

SET-UP: BUILD-A-LETTER!



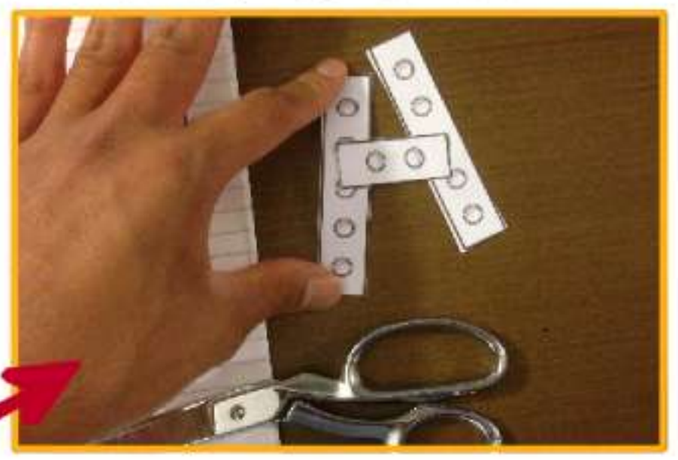
This puzzle activity is a fun, hands-on way to introduce letter formation while also engaging your students' visual-spatial skills as well as their problem-soliving skills!

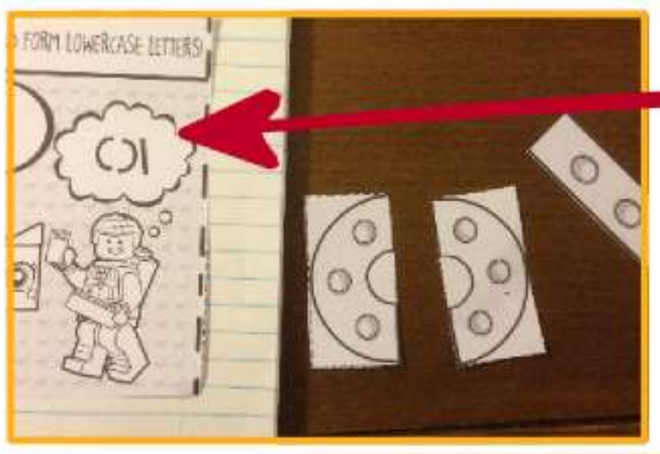
First, cut out the "cover flap" and add glue along the back behind the "title tab." Now, attach it inside your notebook.



Next, cut out all of the BRICK PIECES next to the "cover flap."

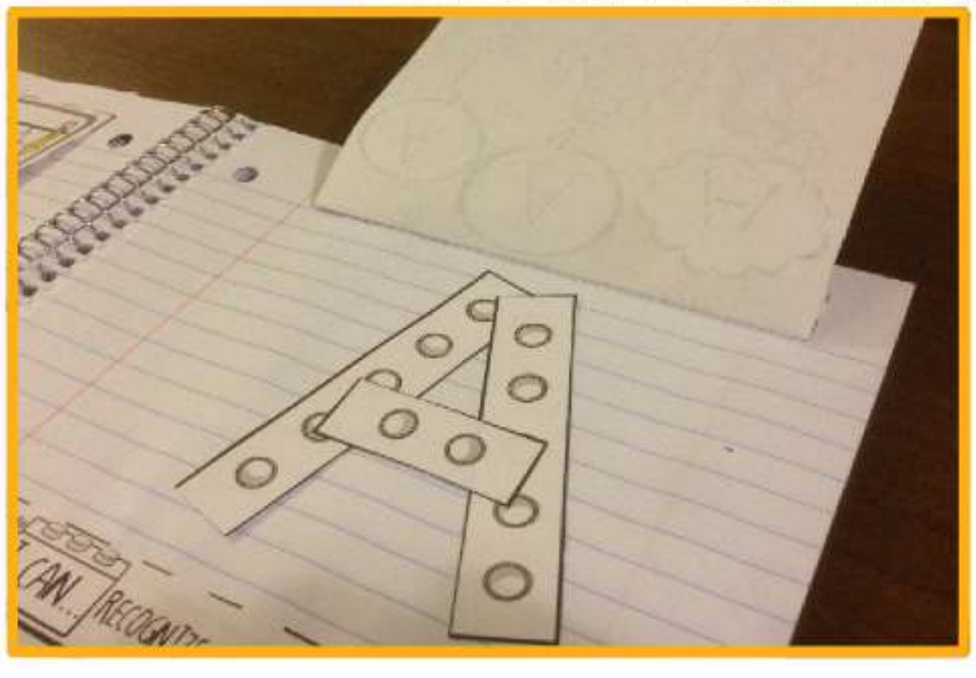
Rotate, flip, move or overlap the different pieces about until you have re-created the TARGET LETTER.

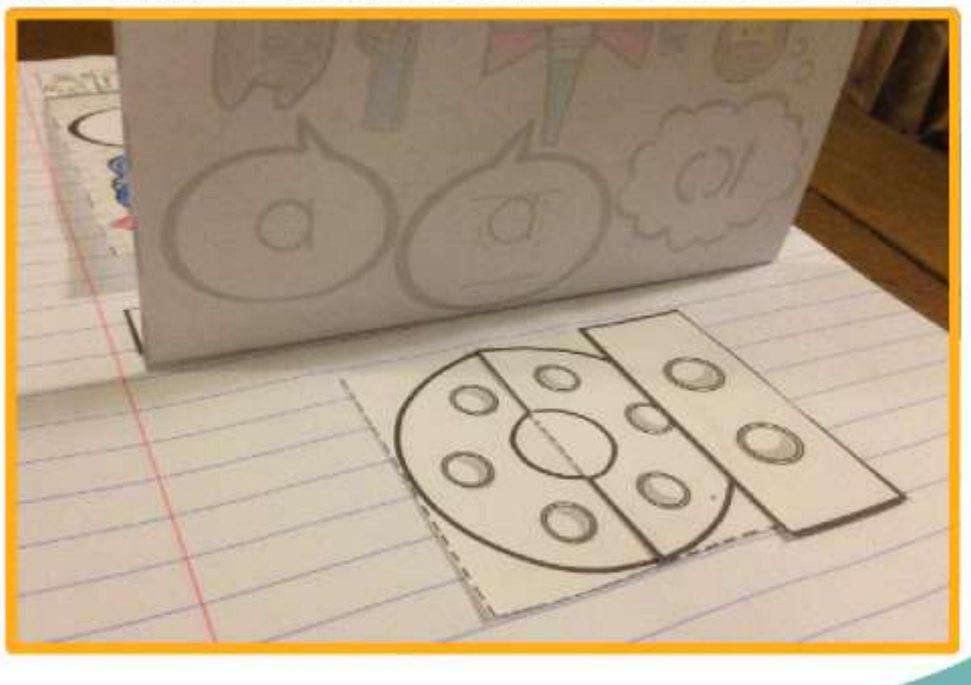




Take a peek at the thought bubbles on the cover page if you need a hint.

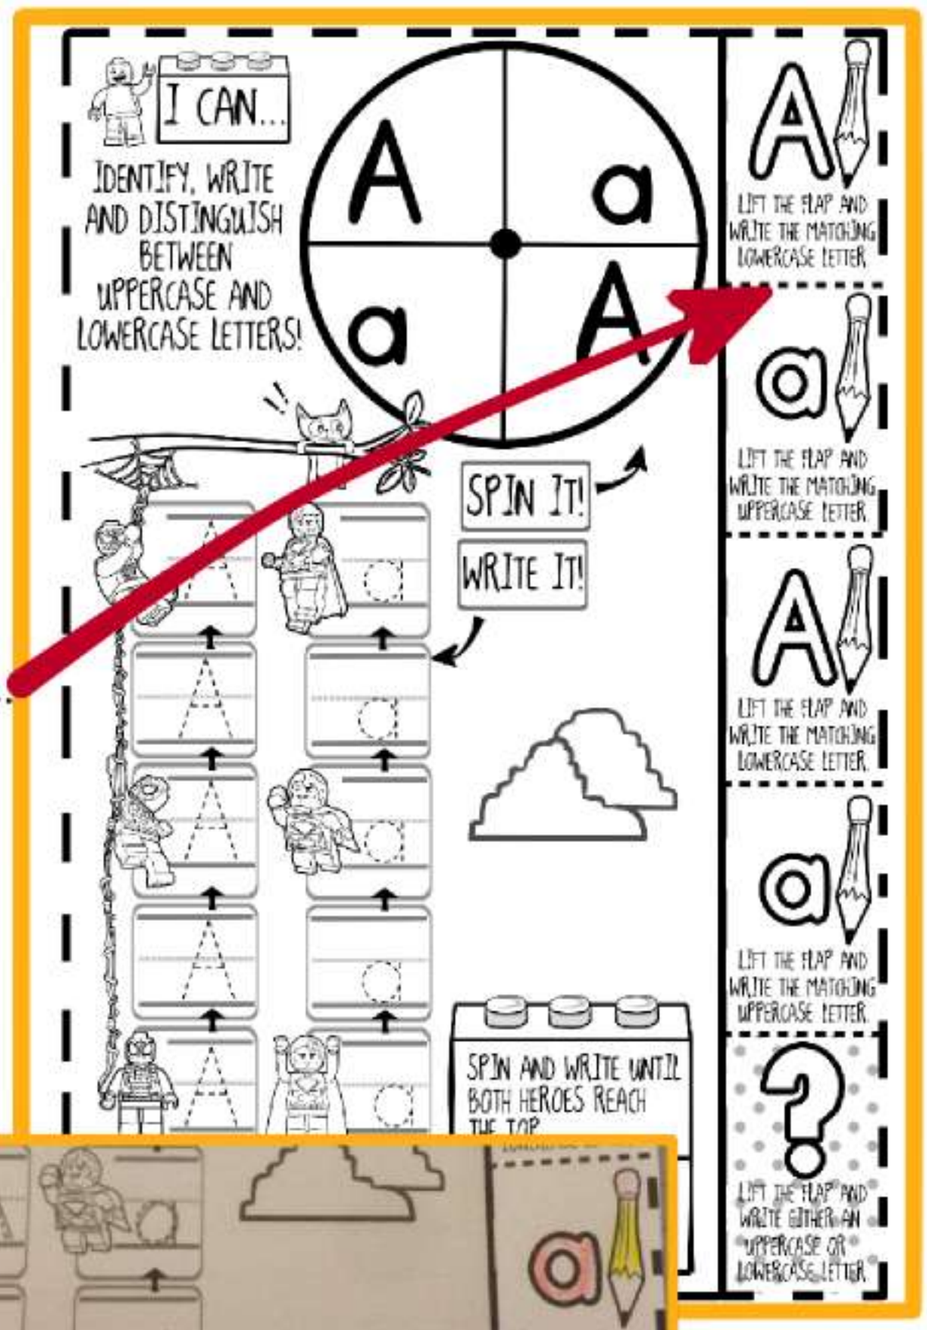
Once you've built the letter, glue it underneath the cover flap.





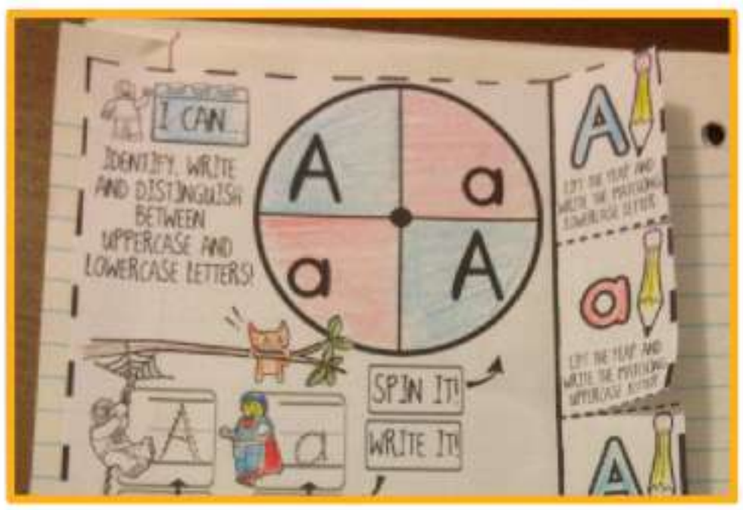
SET-UP: SPIN & WRITE

Your kids will enjoy this spin & write activity in which they distinguish between uppercase & lowercase letters.



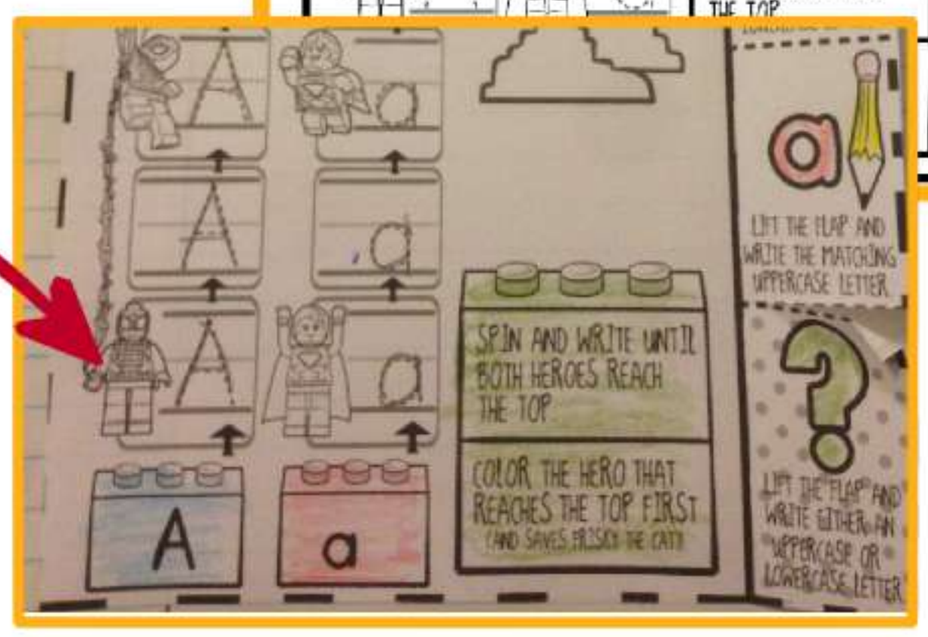
cut the printable out along the outside lines. create the folding flaps by cutting the dotted lines on the right side.

use a paper clip & pencil to spin the spinner. Identify whether you spun an uppercase or lowercase letter, then write that letter in the matching column.



Superheroes to the rescue!

Who will save Frisky the cat first?



Keep on spinning & writing until BOTH super heroes/letters reach the top. Color whichever superhero that reaches the top first.

continue the uppercase & lowercase letter practice with the "LETTER FLAPS" on the right side of the page.

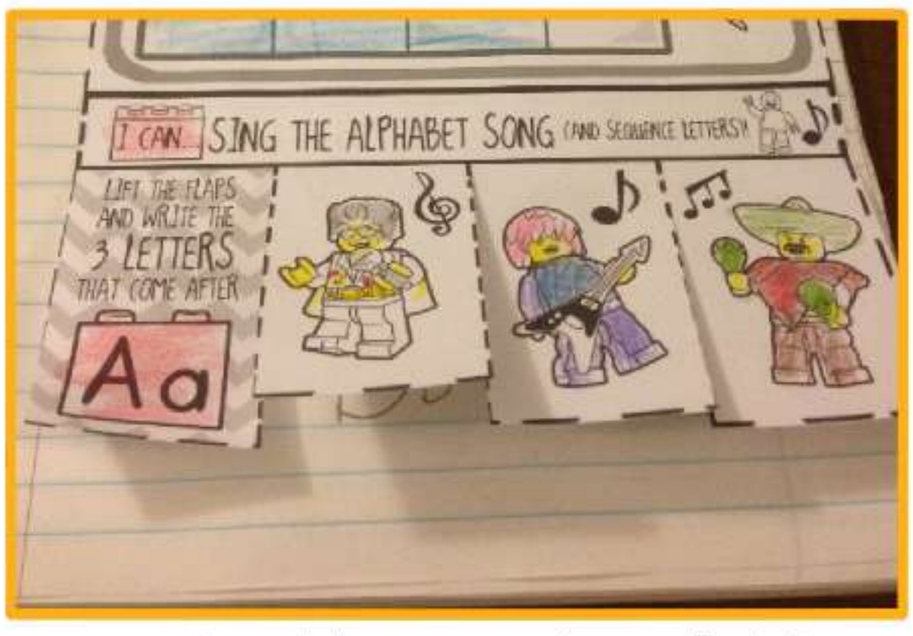
SET-UP: LETTER ID MAZE

This maze activity is a fun way to solidify letter identification.
Simply use a crayon to help the bunny find its carrot by coloring a path of connected TARGET LETTERS.

Better hurry... that bunny looks hungry!

ALPHABET SINGING + LETTER SEQUENCING

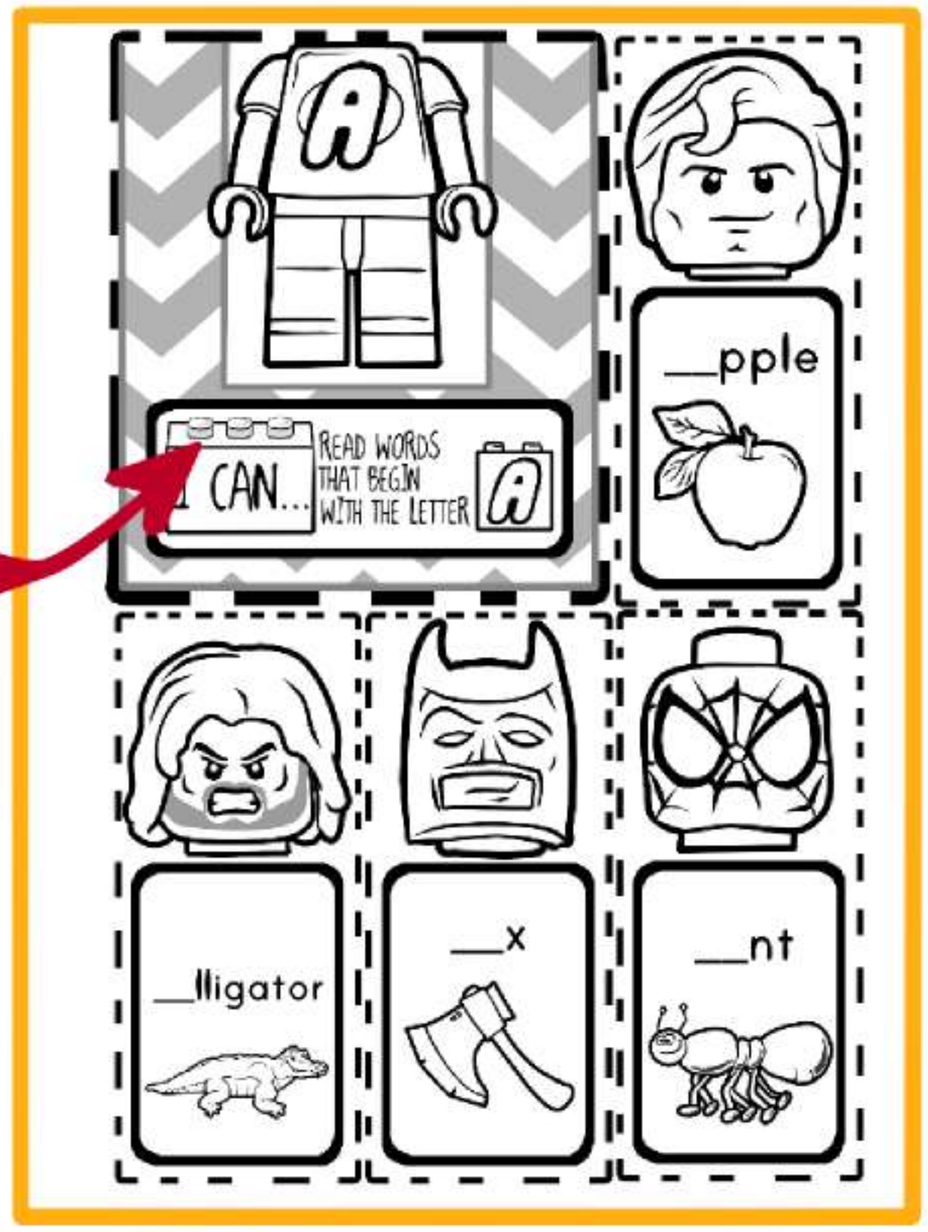
Who doesn't love to sing?!
Reinforce letter sequencing by encouraging your kids to sing the alphabet song.



Then lift the flaps and write the next 3 letters you sang after the TARGET LETTER.

SET-UP: WORD POCKETS

Your kids will love writing, reading & collecting words inside these word pockets.

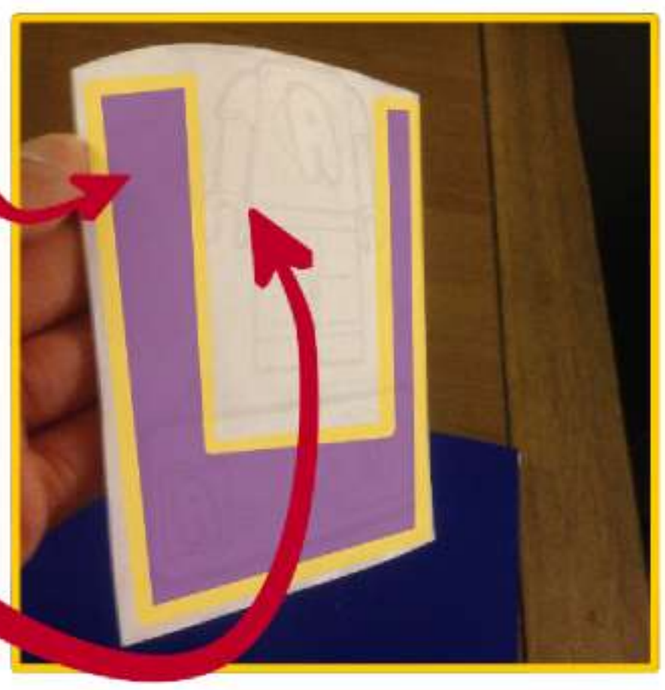


To set up, first cut out the "pocket."

Attach this to the inside of your notebook by adding glue to the back along the sides & bottom (just not the middle & top-center sections).

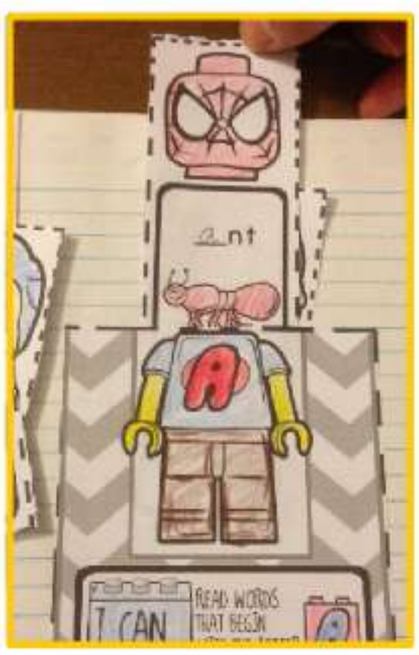
glue here

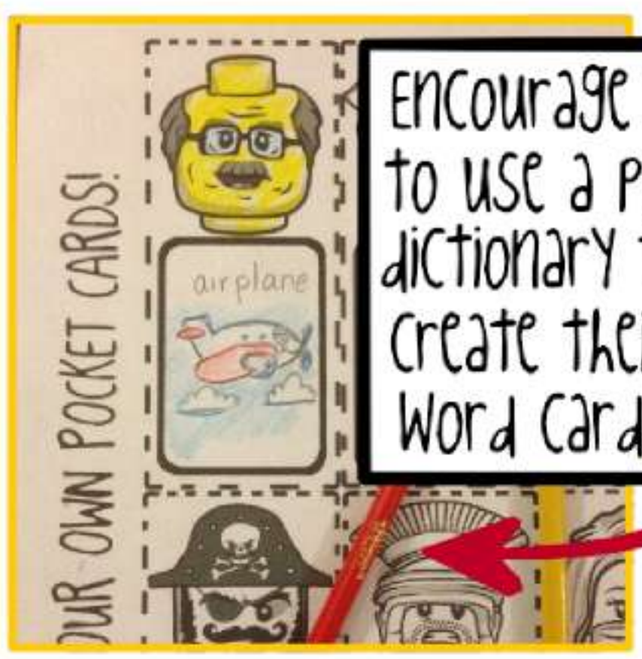
DO NOT glue here



Now cut out the "Word Cards." Complete the word by writing the TARGET LETTER/SOUND.

Collect all the words inside the pocket.





Encourage kids to use a picture dictionary to create their own Word Cards.
